

Preliminary Community Advisory Group route option narrowing recommendations

7/9/14

Overview

At Community Advisory Group Meeting #4a on June 25, advisory group members were asked to submit the names of route options that they would like to see removed from further consideration by the advisory group. The table and graph below capture tallies of the recommendations submitted by participating advisory group members.

The results serve as another tool that the advisory group can use to determine a narrowed list of route options at Community Advisory Group Meeting #4b on July 9, 2014.

Note: These results are preliminary only and are not intended to reflect the final recommended route(s) that the advisory group will submit to Puget Sound Energy for consideration.

Tallied route removal recommendations

Route options	Poplar	Cherry	Dogwood	Magnolia	Spruce	Fir	Sycamore	Aspen	Cedar	Elm	Laurel	Maple	Cottonwood	Ash	Pine	Redwood	Oak	Willow
# of recommendations for removal	8	7	7	7	6	6	6	5	5	5	5	5	5	4	4	4	1	1
