

# EVALUATION FACTORS

The Community Advisory Group identified the following nine community values-based evaluation factors to use in the Multi-Objective Decision Analysis (MODA) process they will use to further analyze the route options to help them make their recommendation to PSE.

Avoids impacts to aesthetics

Avoids residential areas

Avoids sensitive community land uses

Avoids sensitive environmental areas

Least cost to the ratepayer

Maximizes longevity

Maximizes opportunity areas

Protects health and safety

Protects mature vegetation

Definitions and data for each of the factors can be found on the display boards that follow.
